300*
HOURS/HEURES

*This lantern is 100% Waterproof, and it floats!

The 80 Lumen Single Globe LED Lantern has the illumination characteristics of traditional gas / mantel lanterns without any of the safety concerns. This lantern's design allows it to radiate 360° of light with 80 Lumens of light output. The durable body construction allows this lantern to float and makes it completely waterproof with an IPX7 rating. The Single Globe LED Lantern contains two brightness settings, for high and low output, and an amber night light. The highest LED settings allows for 200 hours of continuous use, the lowest giving 300 hours, and the amber LED allows for 1,000 hour of continuous use. The lantern is topped off with a sturdy handle featuring a built-in pop-out hanger hook allowing for hands free use. The 80 Lumen Single Globe LED Lantern requires 4 C cell batteries (not included).
