

Cayman

Lumitec's new Cayman line of spreader/flood lights are the most advanced deck lights on the market today. With an actual MEASURED output of up to 2,400 lumens, no other 30W flood light comes close. The Cayman family offers features available nowhere else: dual-color output, monolithic solid metal construction, dimming, and DeckSweep optical technology. Designed by the same team which developed the worlds best selling 55W halogen replacements, the Capri/Caprera line, Cayman delivers innovation, reliability and unsurpassed performance. Choose single color (5,000k dimming Neutral white), or dual color (Neutral white dimming with blue dimming, or neutral white dimming with red dimming).

SKU	Finish	Color Output	CRI	CCT	Voltage	12vDC	24vDC
101250	White	White	70-75	5000	10-30vDC	2.5A	1.1A
101251	White	Blue & White - Dimming	70-75	5000	10-30vDC	2.0A	1.7A
101252	White	Red & White - Dimming	70-75	5000	10-30vDC	2.0A	1.7A
101253	Polished Stainless Steel	White	70-75	5000	10-30vDC	2.5A	1.1A
101254	Polished Stainless Steel	Blue & White - Dimming	70-75	5000	10-30vDC	2.0A	1.7A
101255	Polished Stainless Steel	Red & White - Dimming	70-75	5000	10-30vDC	2.0A	1.7A
101256	Black	White	70-75	5000	10-30vDC	2.5A	1.1A
