

Taku

Air Exchanging Hatch Fan

Keep cool with this easy-to-install hatch fan featuring push button controls, LED lamp, and suction cup mounts. With a pivoting axis, this versatile fan can be swiveled to exhaust air out of the cabin or to bring fresh air in.

Operation includes 3 speed Comfort mode (100, 200, 300 CFM) and powerful AirBlast Exchange mode for over 500 cubic feet of fresh air per minute. Not just a hatch fan, the versatile 12 Volt Taku can also be swung down into the cabin and swiveled 360° to direct a cooling breeze right where you want it. Installs on most hatches 17" across and larger.

Product Features:

- Unique design
- 3 quiet comfort speeds
- Turbo setting
- Sealed, brushless motor
- Draws less than 1 amp at high speed, 4.3A on Turbo
- High efficiency LED light
