

GEAR TIE®

CLIPPABLE TWIST TIES

Clip one end, wrap the other, and add functionality with a twist to zippers, key rings, fabrics, or anything with a loop or D-Ring.

The Gear Tie Clippable Twist Tie is a colorful, compact way to add Gear Tie functionality to everyday zippers, loops, and rings. With a sturdy plastic S-Biner on one end and a tough, flexible Gear Tie on the other, you can attach the Clippable Twist Tie to a zipper pull and use the Gear Tie to more easily grip and zip jackets, luggage, backpacks, and bags. Or, you can bend the Gear Tie to organize cords, carry headsets, hang keys, or other small items you want to keep conveniently accessible. The Clippable Twist Tie can also be attached to key rings, belt loops, or other anchor points to carry small personal items as a keeper.
