

DOOHICKEY

6x KEY TOOL

The DoohicKey 6x Key Tool features a carabiner clip for convenient accessibility and features 6 compact, but incredibly useful tools: a bottle opener, scraper/tape cutter/scorer, flat-head screwdriver, pry tool, ruler, and wrench.

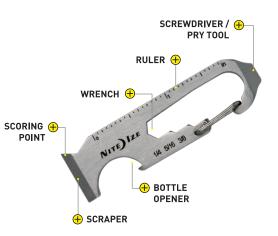

Some tasks call for specific tools, others call for clever solutions. We created our DoohicKey 6x Key Tool to provide both, in an all-in-one, lightweight, compact, and portable size. Made of durable stainless steel and designed with a carabiner clip for easy attachment to almost any key ring, one end of the DoohicKey 6x Key Tool is engineered to work as a scraper, tape cutter, and scorer; the other end serves as a flat-head screwdriver and pry tool (perfect for opening paint cans). The outer edge is scored as a ruler in both inches and centimeters, the opposite edge features a bottle opener, and the interior is ridged to provide 3 wrench sizes. Best of all, the DoohicKey 6x Key Tool is airport friendly, so you can take it with you and keep it at hand wherever your travels take you.

- Key-sized multi-tool, with a carabiner clip, that easily attaches to an existing key ring
- ➔ Secure Stainless Steel construction
