Uniden® GMR 5095-2CKHS

Submersible Two-Way Radio with Direct Call

*Handset Rendering
Final Design Pending.

- **22 CHANNELS**

Offers 7 FRS and 15 GMRS channels.

- **142 PRIVACY CODES**

Help prevent interference from other groups using the same channel.

- **SUBMERSIBLE**

Up to 3 feet for up to 30 minutes.

- **NOAA WITH ALERTS**

Alerts you to hazardous conditions.

- **POWER BOOST**

Allows you to reserve the highest power for when you really need it to preserve battery life.

- **DIRECT CALL**

Call just one person in your group without disturbing others.

- **10 CALL TONES**

Lets you choose from 10 different call tones so that others can identify when you are calling.

- **VOX HEADSET JACK**

Allows you to connect the included VOX headsets for hands-free operation.

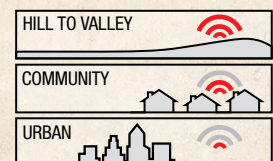

- **EMERGENCY STROBE LIGHT**

Visually alerts others when you need help, or use as a handy flashlight.

- **USB CHARGING WITH CRADLE**

Conveniently charge in the cradle or anywhere you have a USB power source.

RANGE VS. TERRAIN

UP TO 50 MILE RANGE

Actual range may vary depending on environmental and terrain conditions. Due to FCC requirements, the maximum range can only be achieved on the GMRS channels (1-7 and 15-22) allowing for increased power.

Package Includes: (2) GMR5095 Radios, (2) Belt Clips, (1) Charging Cradle, (6) AA NiMH Batteries, (1) AC Adapter with Micro USB Connectors, (2) Hands-free Earbuds and Printed Materials.
