RBA-100

MICRO INFLATABLE EMERGENCY VEST

Buoyancy Aid 50N; Inflatable EN ISO 12402-5 EN ISO12402-6

RBA-100 easily stows in small areas for sea, land and air operations.

The environmentally sealed pack protects the PFD in the most extreme environmental conditions. Vacuum sealed to have long shelf life.

The PFD is easily removed from its package and donned like an airline PFD. Orally inflate until the black hook & loop strap pops on the right lobe (this means it's fully inflated).

The PFD is reversible and can be folded and stowed in the belt pack after use.

The RBA-100 weights 1.32 lbs in its vacuum pack

'Cube' design pack is easy to throw and catch

The vacuum pack floats on water

Hi-vis color inflation bladder

Reflective Patches and Ink on Bladder for nighttime visibility

19 lbs of buoyancy when inflated.

Repacks into Belt Pouch (see Page 3)

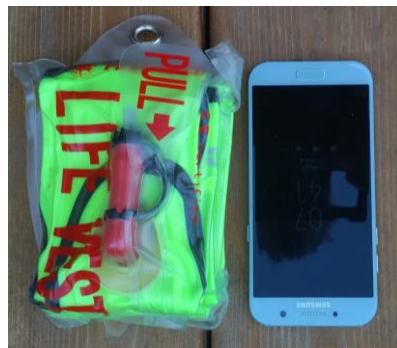

Fully Inflated

Repacks into Its Belt Pack

Size Comparison - Type II Keyhole Vest

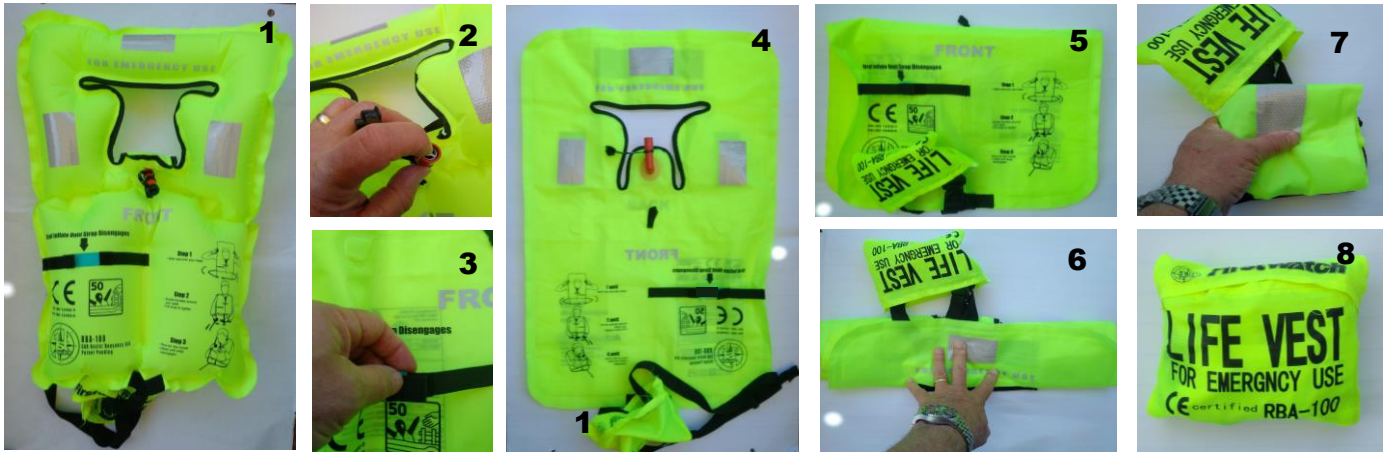

Slightly Larger Than A Smartphone
