

MOBILE ELECTRONICS PRO-SERIES

GPS Nav-Pack™

MOBILE GPS DASH MOUNTING HARDWARE

UNIVERSAL

GPS

DASH

A handy carrying case and weighted dash mount all in one.

The Nav-Pack combines the physics of weight distribution with a high-tech, anti-skid material to provide a solid, stable mounting base for your portable GPS or other electronic devices, including satellite radios. Nav-Pack contours to the top of your vehicle's dashboard and works on any uneven or textured surface—and the anti-skid base keeps your device from sliding.

FEATURES

- Made of durable ballistic nylon
- Padded case protects your GPS when not in use
- Weighted anti-skid base contours to your dash on uneven and textured surfaces
- Take with you or stow away for added security
