

Cayman

Lumitec's new Cayman line of spreader/flood lights are the most advanced deck lights on the market today. With an actual MEASURED output of up to 2,400 lumens, no other 30W flood light comes close. The Cayman family offers features available nowhere else: dual-color output, monolithic solid metal construction, dimming, and DeckSweep optical technology. Designed by the same team which developed the worlds best selling 55W halogen replacements, the Capri/Caprera line, Cayman delivers innovation, reliability and unsurpassed performance. Choose single color (5,000k dimming Neutral white), or dual color (Neutral white dimming with blue dimming, or neutral white dimming with red dimming).

| SKU | Finish | Color Output | CRI | CCT | Voltage | 12vDC | 24vDC |
|--------|--------|--------------------------------|-----|------|----------|-------|-------|
| 101250 | White | White Dimming | 70+ | 5000 | 10-30vDC | 2.7A | 1.3A |
| 101251 | White | White Dimming, Blue Dimming | 70+ | 5000 | 10-30vDC | 1.8A | .96A |
| 101252 | White | White Dimming, Red Dimming | 70+ | 5000 | 10-30vDC | 1.8A | .96A |
| 101253 | Chrome | White Dimming | 70+ | 5000 | 10-30vDC | 2.7A | 1.3A |
| 101254 | Chrome | White Dimming, Blue Dimming | 70+ | 5000 | 10-30vDC | 1.8A | .96A |
| 101255 | Chrome | White Dimming, Red Dimming | 70+ | 5000 | 10-30vDC | 1.8A | .96A |
| 101256 | Black | White Dimming | 70+ | 5000 | 10-30vDC | 2.7A | 1.3A |
| 101257 | Black | White Dimming, Blue Dimming | 70+ | 5000 | 10-30vDC | 1.8A | .96A |
| 101258 | Black | White Dimming, Red Dimming | 70+ | 5000 | 10-30vDC | 1.8A | .96A |
