SIM Card # _____

Prepaid airtime is non-refundable. Rates shown apply to Network Innovations DP SIM cards only. Contact your Network Innovations sales representative for rates applicable to non-Network Innovations DP SIM cards. An FCC Regulatory Fee is applied to all airtime purchases for users located in the US.

Iridium GO! Prepaid provides specialized “double the minutes” on GO! Data when used with Iridium GO! terminals. Standard Prepaid usage rates will apply for Data when used with any non-GO! terminal or for a non-GO! Data Destination. Iridium GO! Prepaid is available for new Prepaid Accounts only. Standard Prepaid Airtime can be used with Iridium GO! terminals, but will not receive specialized Data rates.

Standard Prepaid vouchers cannot be loaded to a SIM that was previously loaded with Iridium GO! Prepaid airtime without loss of minutes remaining. Iridium GO! Prepaid vouchers cannot be loaded to a SIM that was previously loaded with Standard Prepaid airtime without loss of minutes remaining.

Network Innovations will attempt to notify you at the email address above when 75% of the airtime you purchased has been used or when your SIM Card approaches expiration. As we are dependent on our supplier for receipt of these messages, Network Innovations cannot guarantee that said notifications will be sent to the user and shall not be held responsible if a notification is not received. From your Iridium phone dial or SMS the short code 2888 to review your minute balance and expiration as needed.

Call 8324 to contact Network Innovations to add minutes. Please note that Prepaid airtime is non-refundable.

All SIM cards are sent active. If you have asked us not to upload a Prepaid voucher at the time of activation, you must add Prepaid airtime to your SIM within 90 days or your SIM card will automatically deactivate. It is also very important to note that at the end of the period of validity (from the table above) any unused airtime minutes will be lost and cannot be reclaimed. Additionally, if additional Prepaid minutes are not added within 90 days of expiration of the validity period, the SIM card will deactivate. If you have any questions about these two situations, please contact Network Innovations Customer Care at +1-954-973-3100 and speak with a customer care representative to discuss your options.
