

# SIGNATURE SERIES 8.8" MARINE COAXIAL SPEAKERS

# FUSION®

CODE	PEAK POWER
SG-FL88SPW	330 WATTS
SG-FL88SPC	330 WATTS
SG-F88W	330 WATTS

## KEY FEATURES

**3 YEAR**  
WARRANTY

### SILK DOME TWEETER

The silk dome tweeter creates a smooth upper frequency response and increased efficiency, which delivers crisp sound and clear highs.

### DUAL-COLOR LED LIGHTING DIFFUSER

The LED diffuser cap not only protects the LEDs and circuitry from the harsh marine environment, it evenly disperses colour for an unparalleled aesthetic feel.

### CURV CONE TECHNOLOGY

CURV is a woven polypropylene composite, heat pressed to form a lighter yet stronger cone, thus producing unprecedented sound definition at a higher output.

### LARGE DIAMETER VOICE COIL

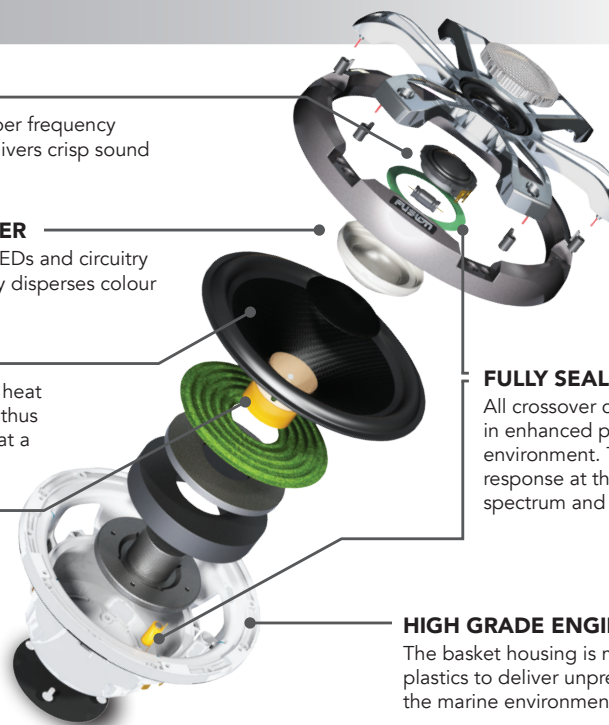

Delivering an increase in real power and efficiency, the voice coil provides a sound exclusive to the Signature Series speakers.

### FULLY SEALED CROSSOVER COMPONENTS

All crossover components are sealed, resulting in enhanced protection from the harsh marine environment. This delivers an improved frequency response at the crossover point for a detailed audio spectrum and a new level of acoustic performance.

### HIGH GRADE ENGINEERED BASKET CONSTRUCTION

The basket housing is manufactured from high grade engineered plastics to deliver unprecedented durability when exposed to the marine environment.

## KEY FEATURES

### DUAL-COLOR LED LIGHTING DIFFUSER

The 8.8" Signature Series Speakers feature dual-color diffused LED lighting options that illuminate Striking Blue or Sparkling White to set the mood or start the party.

Note: Color determined by wiring polarity at installation. (Not available with the Classic speaker.)

### TRUE MARINE™ PROTECTION

Engineered to withstand the harsh marine environment and tested to international industry standards for UV stability and salt-fog protection. All True-Marine products are supported by a 3-year limited consumer warranty.

### IP65 WEATHERPROOF

The 8.8" Signature Series speakers are rated IP65 for water and dust ingress protection. It also meets industry standards for UV and salt fog protection. This makes it perfect for indoor or outdoor installation on any vessel in the harsh marine environment.

## ACCESSORY

### LED VOLTAGE REGULATOR

The SG-VREGLED voltage regulator (sold separately) ensures each speaker and subwoofer in the system receives a constant voltage level, creating harmonious illumination throughout the vessel. Switch between LED color options and adjust the brightness of the illumination.

Note: The regulator will power a maximum of 10 subwoofers or speakers.

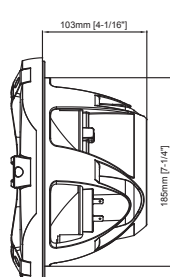

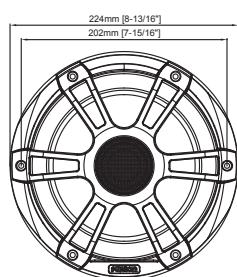

## SPECIFICATIONS

**CONFIGURATION:** Coaxial  
**RMS POWER RATING (WATTS):** 130  
**PEAK POWER (WATTS):** 330  
**EFFICIENCY (1W/1M):** 91db  
**FREQUENCY RESPONSE:** 50Hz – 20kHz  
**IMPEDANCE:** 4 Ohms

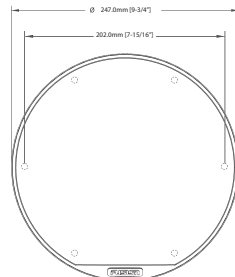

**TWEETER TYPE:** Silk Dome  
**CONE MATERIAL:** CURV  
**VOICE COIL DIAMETER:** 1.5"  
**LED COLOR OPTIONS:** White and Blue (Sports grille only)  
**MOUNTING DIAMETER CLEARANCE:** 187.9mm (7-3/8")  
**MOUNTING DEPTH CLEARANCE:** 105.5mm (4-1/8")
