

xantrex™ SOLAR

Xantrex Solar Panels feature the latest busbar and monocrystalline solar cell technology for increased power generation and durability

PORTABLE SOLAR CHARGING KITS

OPTIONS:

- 100W PORTABLE SOLAR CHARGING KIT
- 160W PORTABLE SOLAR CHARGING KIT
- 100W PORTABLE FLEX SOLAR CHARGING KIT

Simple, plug-n-play kits ideal for on-the-go battery charging and powering your DC loads. All kits includes 100W or 160W foldable solar panel, 10A PWM charge controller, adapter battery cables, tilting legs & carrying case.

Our portable flex solar charging kit is compact, lightweight, easy to carry and store.

PWM CHARGE CONTROLLERS

The Xantrex charge controller delivers efficient multi-stage charging while protecting batteries. Provides real-time system indicator on the LCD screen. Available in 10A & 30A models.

PARTS

| PART # | MFG. # | DESCRIPTION |
|---------|-------------|---------------------------------------|
| 72-3702 | 782-0100-01 | 100W Portable Solar Charging Kit |
| 72-3704 | 783-0100-01 | 100W Portable Flex Solar Charging Kit |
| 72-3703 | 782-0160-01 | 160W Portable Solar Charging Kit |
| 72-3679 | 708-0010 | PWM Charge Controller 10A |
| 72-3682 | 708-0020 | PWM Charge Controller 30A |
| 72-3688 | 708-0030 | PV Extension Cables (15') |
| 72-3689 | 708-0040 | PV Single Connector (1 Pair) |
| 72-3690 | 708-0050 | PV Branch Connector (1 Pair) |
| 72-3691 | 708-0060 | PV Connector Assembly Tool |
| 72-3692 | 708-0070 | Mounting Hardware |
| 72-3694 | 708-0080 | Remote Battery Temperature Sensor |
