Battery Volts & Trending

Backup Battery Input

SOS Button Input

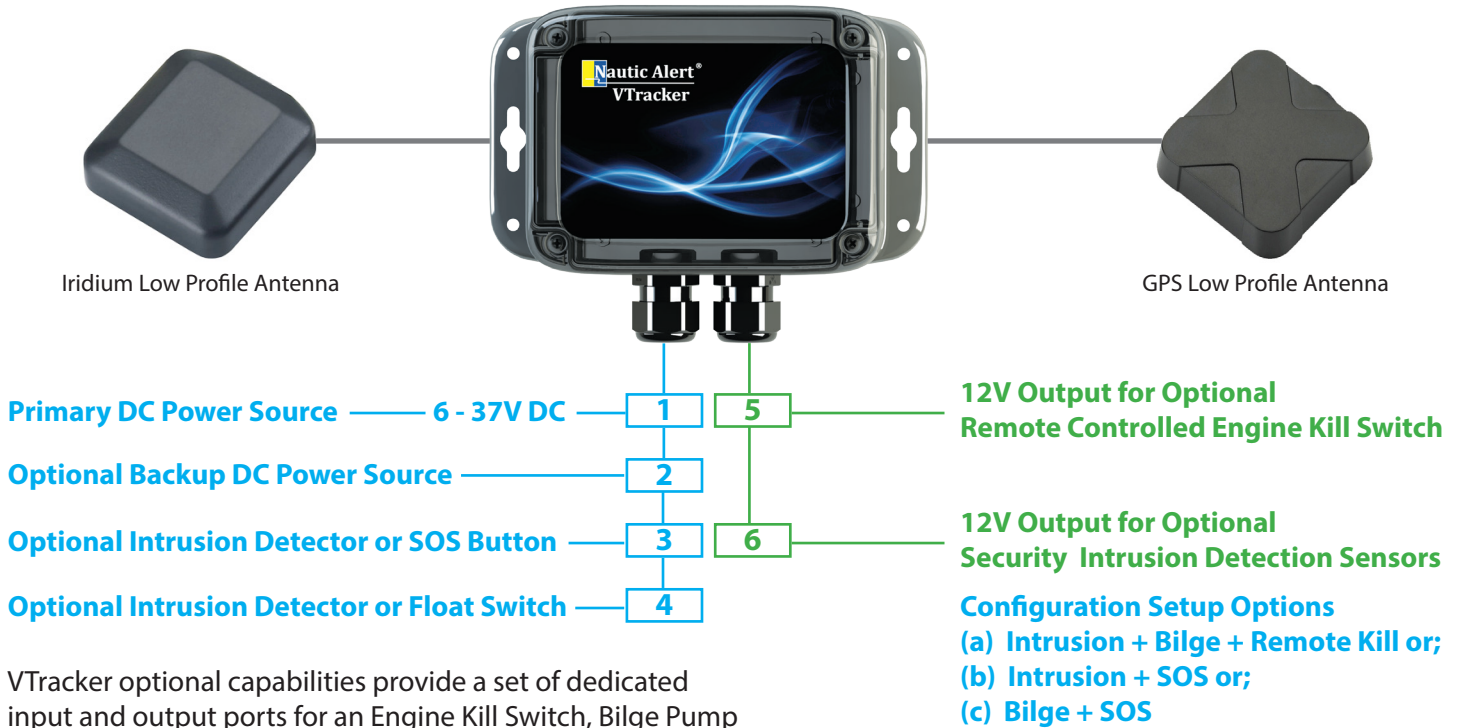

Compliant with Insurance Requirements.

 **Nautic Alert[®]**
VTracker

Nautic Alert VTracker™ tracks the location of your boat or yacht in real-time with unmatched precision. Using the award-winning Nautic Alert SMART geofence technology, it will learn and detect the location and a change to the location in as little as 250 ft with the included low profile antennas, or 50 ft. with the optional performance antennas using an onboard self-aware geofence, rather than a web-based geofence. VTracker also provides anchor alarm capability, while meeting or exceeding insurance requirements.

With the secured Nautic Alert Cloud™, you can connect directly to your onboard VTracker using the Iridium® NEXT global satellite network and request on-demand location information, receive automatic location updates and other information, anytime and anywhere from your mobile or web enabled devices.

VTracker optional capabilities provide a set of dedicated input and output ports for an Engine Kill Switch, Bilge Pump Switch, Intrusion Detection, Backup Battery and SOS button.

VTracker communicates through most fiberglass and composite hulls with the included low profile antennas. Integrated push buttons and LEDs offer a quick setup and ability to test features during installation without requiring live connectivity. **Optional high performance antennas and LMR cables are also available as alternative options to the included low profile antennas to detect change as little as 50 ft.**

SPECIFICATIONS

DC Input Voltage: 6-37V DC
 Nominal Current: 60mA (12V)
 -10 to 60C Ambient

ORDERING INFORMATION

Nautic Alert VTracker
 Reporting Services Satellite (Monthly)
 Cloud Watch (Optional, Monthly)

OPTIONAL EQUIPMENT

Iridium Performance Antenna
 GPS Performance Antenna
 Antenna LMR Cable Assembly, 25ft
 Antenna LMR Cable Assembly, 50ft
 Antenna L Bracket Mount

WARRANTY

2-year non-transferable limited warranty

Note: Prices subject to change

Part Number	Price
NAVT-01	MSRP: \$999
NARS-SS-ST-12	MSRP: \$30
