

SPINFISHER™ VII LIVE LINER

- IPX5 Sealed body and spool design
- CNC Gear Technology with brass main gear
- HT-100™ Carbon Fiber Drag Washers
- 5+1 sealed stainless steel ball bearing system
- Full Metal Body
- Live Liner Feature

The NEW Spinfisher VI Live Liner® system has 4 ON positions which progressively increase the rear drag when needed. Factory matched settings have been applied for each size reel and can be user adjusted to the angler's preference with the included tool. With the turn of the handle, the live liner is automatically disengaged and back in fighting mode.

Sealed from splashes and spray, protecting key internal parts

The PENN patented line clip design makes line management easier than ever. This line clip was engineered to hold line from thin braid to large diameter leader.
