

BRACKET MOUNT SPREADER LIGHT

SCM-SLB4X Series

3000 Lumens

DESCRIPTION

The Shadow-Caster™ 4X Bracket Mount Spreader Light is perfect for illuminating decks and other large areas of your boat or yacht. The bracket mount version is great to retrofit existing installations. The Shadow-Caster™ parabolic reflector design offers a 60 degree beam. It is available in single color white. The brightness can be controlled with a standard switch or Shadow-Caster Light Commander controller and NMEA 2000 interface.

FEATURES

- Soft start technology ramps the brightness up gently over 2 seconds
- Power toggle feature to set brightness
- Cool white color temperature LED for best performance
- High efficiency switch mode power supply
- Waterproof aluminum housing
- Unique reflector design to reduce glare

CONTROL OPTIONS

- 1. Power Toggle Control**
Toggle power source to set brightness
- 2. Add Shadow-NET™**
Full-feature control through your Multifunction Display (MFD) by adding the Light Commander Shadow-NET™ control module (SCM-LC-PLUS) and app
