SMART GAUGE

Power, precision, and customization in one sleek display to keep you focused on the water

SPEED INDICATOR
Visual indicator of current lift speed; slow, medium, or fast.

LIFT CONTROL
Tap to lift or lower with ease. Double-tap down arrow to drop to the lowest position at full speed.

LIGHT SENSOR
Screen adjusts to day or night. No glare, no fade - just clear control.

SPEED SELECT
Dial in your lift speed based on water, load, or style. Choose from slow, medium, or fast.

CUSTOM PRE-SET
Tap once to move to one of three custom saved heights. Double-tap to get there at full speed.

BRUSHLESS MOTOR

Sets a new standard in reliability and performance on the water

SMOOTH CONTROL
Fine-tune your height for better efficiency.

ULTRA FAST
Adjust instantly for changing conditions.

HEAVY DUTY
For serious boaters who demand durability & power.

ZERO UP-KEEP
Brushless motor technology and sealed hydraulic unit means no maintenance.
