

EFFORTLESS FISHING IN ANY CONDITION

Minn Kota Ultra[®] trolling motors make boat control effortless, so you can focus on fishing—even in the harshest conditions. Choose the proven brushed performance of Minn Kota Ultra or brushless power with Minn Kota Ultra QUEST[™]. Automatic stow, deploy, and trim make motor adjustments simple, while the QUEST model offers the instant-response Ultra foot pedal and Power Steering, to deliver the gold standard in precise control and maneuvering. Your motor syncs easily and wirelessly with a Minn Kota[®] fish finder powered by Humminbird Imaging[™], creating an integrated fishing system with less cables. Ultra is filled with intelligent navigation features that do the work for you. Improved Spot-Lock[®] GPS delivers up to a 50% tighter hold to keep you on your fishing spot. Draw and Navigate[™] lets you draw a course on your fish finder and have the motor follow it, while Follow Mode and Drift Mode automatically guide your boat along your target area and controlled drift paths. Intelligent Depth Control[™] actively alerts you to shallow water—automatically deploying Spot-Lock and your shallow water anchors to help protect your equipment. From changing conditions to changing depths, Ultra keeps your day simple, smooth, and fun.

BEST-IN-CLASS TROLLING AND POSITIONING

Get to the fish quietly and stay on the fish longer and with the precision you need.

PROVEN DURABILITY AND RELIABILITY

You can always count on your motor—it's proven to be the most reliable and long lasting, even in tough conditions.

SEAMLESS INTEGRATION WITH MINN KOTA FISH FINDERS

You're in complete control with a fishing system powered with Humminbird Imaging[™].

ADDITIONAL FEATURES

ADVANCED GPS TROLLING SYSTEM

Improved Spot-Lock [®]	Follow Mode
Intelligent Depth Control [™]	Drift Mode
Draw and Navigate [™]	

CONNECTIVITY & INTEGRATION

Wireless Connectivity between Trolling Motor and Fish Finder
One Seamless Fishing System

DURABILITY & POWER MANAGEMENT

Real-Time Battery Monitoring
Exceptionally Durable Composite Shaft

QUEST[™] PERFORMANCE

QUEST[™] Series Brushless Technology
50% more torque and 30% longer run time
Instant Response Steering

BUILT-IN SONAR

Industry-Leading Sonar Powered by Humminbird Imaging[™]
Side Imaging (SI)
Down Imaging (DI)
Dual Spectrum CHIRP (DSC)

EFFORTLESS USABILITY

Auto Stow & Deploy
Power Trim
