

BUILT FOR SALTWATER. MADE TO KEEP YOU FISHING.

Minn Kota Riptide PowerDrive™ trolling motors simplify saltwater boat control, so you can focus on fishing through changing wind, waves, current, and tidal movement. Drift Mode automatically manages your drift path and speed, while Draw and Navigate™ lets you draw a course on your connected Minn Kota® fish finder so your Minn Kota trolling motor can take you there while you keep casting. Improved Spot-Lock® GPS delivers up to a 50% tighter hold to keep you on your fishing spot, and Intelligent Depth Control™ notifies you of shallow water, helping protect your equipment. It will even automatically deploy Spot-Lock and your shallow water anchors if necessary. Seamless integration with Minn Kota fish finders, powered by Humminbird Imaging™, creates an integrated fishing system, while control from your fish finder, wireless remote, or Minn Kota Fishing App puts motor operation wherever it's most convenient. Built to withstand demanding saltwater conditions, Riptide PowerDrive handles the boat control so you can focus on getting more bites.

BEST-IN-CLASS TROLLING AND POSITIONING

Get to the fish quietly and stay on the fish longer and with the precision you need.

PROVEN DURABILITY AND RELIABILITY

You can always count on your motor—it's proven to be the most reliable and long lasting, even in tough conditions.

SEAMLESS INTEGRATION WITH MINN KOTA FISH FINDERS

You're in complete control with a fishing system powered with Humminbird Imaging.

ADDITIONAL FEATURES

ADVANCED GPS TROLLING SYSTEM

Improved Spot-Lock®	Follow Mode
Intelligent Depth Control™	Drift Mode
Draw and Navigate™	

DURABILITY

Advanced Corrosion Protection
Exceptionally Durable Composite Shaft

CONNECTIVITY & INTEGRATION

Wireless Connectivity between Trolling Motor and Fish Finder
One Seamless Fishing System
