

MADE FOR THE WAY SALTWATER MOVES

Take total control of your bay boat or skiff with Minn Kota Riptide Terrova® brushed and Riptide Terrova QUEST™ brushless trolling motors, purpose-built for precise positioning and lasting performance in harsh saltwater environments. Quiet operation and Drift Mode automatically maintain your intended drift path and speed, while improved Spot-Lock® GPS delivers up to a 50% tighter hold to your spot in wind, current, and tidal movement. Draw and Navigate™ lets you draw a course on your connected Minn Kota® fish finder and then simply let your Minn Kota trolling motor take you to your spot. Intelligent Depth Control™ automatically notifies you of shallow water, automatically deploying Spot-Lock and your shallow water anchors to help protect your equipment while you stay on the fish. Your Riptide Terrova trolling motor and Minn Kota fish finder sync easily and wirelessly with no cables needed, and you can control the motor from your fish finder, wireless remote, or the Minn Kota Fishing App. Instant Response Steering on Riptide Terrova QUEST models provide advanced responsiveness for precise trolling and boat positioning. Riptide Terrova is engineered to make navigating the elements feel effortless.

BEST-IN-CLASS TROLLING AND POSITIONING

Get to the fish quietly and stay on the fish longer and with the precision you need.

PROVEN DURABILITY AND RELIABILITY

You can always count on your motor—it's proven to be the most reliable and long lasting, even in tough conditions.

SEAMLESS INTEGRATION WITH MINN KOTA FISH FINDERS

You're in complete control with a fishing system powered with Humminbird Imaging™.

ADDITIONAL FEATURES

ADVANCED GPS TROLLING SYSTEM

Improved Spot-Lock®	Follow Mode
Intelligent Depth Control™	Drift Mode
Draw and Navigate™	

DURABILITY & POWER MANAGEMENT

Real-Time Battery Monitoring
Exceptionally Durable Composite Shaft
Advanced Corrosion Protection

QUEST™ PERFORMANCE

QUEST™ Series Brushless Technology
50% more torque and 30% longer run time
Light and More Compact Design for models up to 72"
Faster steering

CONNECTIVITY & INTEGRATION

Wireless Connectivity between Trolling Motor and Fish Finder
One Seamless Fishing System
