Introduces The "Delta" Series Adjustable Head Pole lights

The "Delta" Series is The Ultimate Universal Pole light

Universal Type Feature - DP package includes both Reduced Glare and Full Output Globes.

Universal Fit Feature - DP Package includes collars to fit most popular bases on the market.

Universal Angle Feature - Big 40° (+/- 20°) tilt range can be adjusted to fit most custom bent (fore/aft) pole light applications.

Of course the "Delta" Series also offers all of the same features as our other pole lights including...

- **All gold plated contacts** for superior corrosion resistance and performance.
- Available in a **wide range of** standard and custom sizes.
- Can be ordered with **"fold in half" feature** for **easy storage** of longer poles.

**Full 40°
 Adjustability
 (+/- 20°)**
