

**P8021
OMNIPRO VHF/UHF
TV/FM ANTENNA**

**PACIFIC
AERIALS**

P8021 IS SUPPLIED WITH:

INSTALLATION KIT

POWER INJECTOR

TV CABLE

- For boats, caravans, motorhomes and recreational vehicles
- New dual dipole design gives superior performance
- Light and strong
- Omnidirectional - TV and FM radio reception from any direction
- Large elements give advantages in receiving VHF transmissions
- Covers all television and FM radio bands
- High gain / low noise, digital ready amplifier
- Supplied complete with antenna mast and installation kit
- Quick and easy to install and remove
- Simple - no connectors to fit
- LEDs confirm correct connection
- Neat installation
- Maintenance free - non-corroding materials

OPTIONAL ACCESSORIES:

P9100 STAINLESS STEEL
MOUNTING FLANGE

P2024 ALUMINIUM
GUTTER BRACKET

CE conforms to EU directive 89/336/EEC
Z104

P8021 SPECIFICATIONS

Antenna Type	Amplified omnidirectional TV/FM antenna	Amplifier Noise	<2dB
Polarisation	Horizontal	Operating Ambient Temperature Range	-30°C to +60°C
Antenna Radome	Marine grade UV inhibited glass filled nylon	Output Voltage	(DIN 45004) 111dBuV
Antenna Elements	6mm anodised 6063-T5 aluminium	Output Impedance	75 ohm
Antenna Dimensions	450mm x 40mm 18" x 1-1/2"	EMC Compliance	IEC 61000-6-1, EN 55024-2, EN 55024-4
Weight	460g 1 lb	Power on indicator	Blue light emitting diode in radome
Antenna Mast Height	450mm 18"	Power injector supply voltage	10-14.5VDC
Amplifier	Advanced high gain, low noise all surface mount on double-side sealed glass-fibre printed circuit board	Power on indicator	Red light emitting diode in injector
Amplifier Frequency Range	40-890MHz	Supply current	30mA average
Amplifier Gain	>22dB	Installation Kit Cable	10m / 32' white MATV coaxial cable
