

NAVISAFE

Navi light Mini

A “must have” lighting tool when boating and beyond.

The Navi light Mini extends the hugely successful Navisafe range of portable maritime lighting products.

The “Mini” is a perfect crossover between a diving light and a micro “key change” light.

It is so small that you will not notice that it is in your pocket or hanging in your neck strap

It is just there when you need it.

This and it’s five different modes, makes it a perfect lightning tool for almost anything

Navi light Mini is fitted with a Red night vision LED. Simple to operate without turning the White LED on.

- **Compact and robust**
- **Standard AAA batteries**
- **Waterproof 100 m**
