

Marine

Elegance™ with Vortex-Vac™

Benefits

- Quiet operation
- Unmatched rinsing capabilities
- Built in shredder reduces clogs
- Low water consumption
- Small footprint for compact installation
- One piece vitreous china bowl
- Clean and simple mounting
- Quick access inside bowl
- Full size toilet seat
- Built in loop design eliminates odors
- Can pump 10ft vertically or 100ft horizontally

STANDARD

TALL

Options

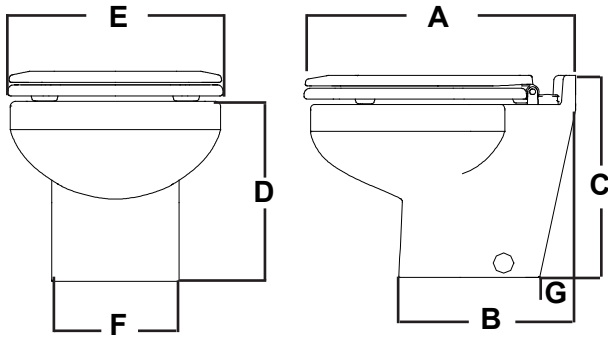

- Available in 12 volt, 24 volt and 120/240 VAC
- Four different bowl options:
 - Standard Angled
 - Standard Straight
 - Tall Angled
 - Tall Straight
- Two colors: White or Almond
- Three models to choose from:
 - Pressurized fresh water
 - Remote intake pump for raw water
 - SeaFresh, which allows user to quickly switch between raw or onboard fresh water.

Smooth lines and a small footprint with the power of Vortex-Vac technology make this an ideal choice for most recreational boats on the market today.

Raritan products are chosen by powerboat, sailboat, houseboat, and RV owners and manufacturers the world over for their dependability, environmental responsibility, simplicity of installation, operation, and maintenance. The product line includes house-hold style toilets, marine toilets, marine sanitation devices and systems, cleaning products, icemakers, water heaters, and rudder angle indicators.

SIZE inch (mm.)

Bowl type	A	B	C	D	E	F	G
Angled Back	18 3/8 (467)	12 1/4 (311)	14 (355)	12 (305)	14 (355)	8 1/2 (216)	2 1/8 (54)
Straight Back	18 3/8 (467)	12 1/4 (311)	14 (355)	12 (305)	14 (355)	8 1/2 (216)	NA
Tall Angled Back	18 3/8 (467)	12 1/4 (311)	17 (432)	15 (380)	14 (355)	8 1/2 (216)	2 1/8 (54)
Tall Straight Back	18 3/8 (467)	12 1/4 (311)	17 (432)	15 (380)	14 (355)	8 1/2 (216)	NA

To choose the Marine Elegance that best suits your needs, use the chart below to create your part number.
Part# Example:

220HF012 Marine Elegance, Standard Bowl, Angled Back, White, Household size, Solenoid/Onboard Freshwater, 12V, Smart Toilet Control

<input checked="" type="checkbox"/> Marine Elegance	<input checked="" type="checkbox"/> Std	<input checked="" type="checkbox"/> Angled	<input type="checkbox"/> White	<input checked="" type="checkbox"/> Household size	<input checked="" type="checkbox"/> Solenoid on board fresh water	<input type="checkbox"/>	<input checked="" type="checkbox"/> 12V	<input type="checkbox"/> Smart Toilet Control
	<input checked="" type="checkbox"/> Tall	<input checked="" type="checkbox"/> Straight	<input checked="" type="checkbox"/> Almond	<input checked="" type="checkbox"/> Bidet	<input checked="" type="checkbox"/> Remote pump to bring in water	STANDARD ALL UNITS	<input checked="" type="checkbox"/> 24V	<input checked="" type="checkbox"/> Multi-Function Momentary Control
					<input checked="" type="checkbox"/> Sea/Fresh Combines Solenoid and Remote in 1 unit for easy switching during use		<input checked="" type="checkbox"/> Includes 120V/240V transformer	<input checked="" type="checkbox"/> Heavy Duty Push Button
								<input checked="" type="checkbox"/> Touchless Flush Sense
								<input checked="" type="checkbox"/> Bluetooth Wireless Remote

Five different control options are available:

- Smart Toilet Control:** Provides timed operation and independent control of water and discharge.
- Multifunction Control:** Provides momentary operation and independent momentary control of water and discharge.
- Push Button Switch:** Providing only the ability to flush with no independent control of water or discharge.
- Touchless FlushSense®:** Designed to automatically activate a flush cycle without touching the control. Simply waving your hand within 2" of the sensor will begin a sequential flush cycle that offers guests a simple and sanitary solution to flushing the toilet.
- *New* Bluetooth Wireless Remote:** Download the Raritan App to your smartphone to manage your toilet system. Raritan's revolutionary toilet control panel installs wirelessly up to 50 feet away from the toilet. This eliminates the need to route wires thru bulkheads and expensive cabinetry or suffer corroded end terminals caused by the harsh marine environment.
