12V Accessories & Connectors

NOCO X-Connect Accessories™

Make the most of your battery charger.

More ways to charge and monitor your battery with 12V plug-n-play accessory options.

Connect your battery charger by plugging into the 12V auxiliary plug, or power 12V devices from your charger. Monitor your battery with a charge level indicator accessory so that you always know the status of your battery. Whatever the case may be, X-Connect creates a **solid weatherproof connection** that provides **maximum current flow** and makes connecting different applications fast and easy. The possibilities are endless.

12V

Compatible w/ cigarette lighter sockets, 12V aux ports & more. Also connect directly to your battery or a 12V power source.

Heavy Duty Design

From custom engineered strain reliefs to heavy guage wire, NOCO accessories are dirt, water, UV, & impact resistant.

16 AWG

Made from a high-conductivity 16AWG 100% copper wire encased in flexible insulation, built for maximum current flow.

Premium Materials

Built with molded strain reliefs and durable, high-performance insulated wire for flexibility in cold weather environments.
