# ERGOFIT 190<sup>OS</sup>

The ErgoFit 190N Offshore itself is a 3D-moulded lifejacket designed to provide those braving the elements offshore, with the extra security needed in all conditions away from sight of land. With its intelligent cut-away profile, it allows you total mobility, leaving your body, limbs and hands unhindered and free to move, work and perform.

Being easy to wear, versatile, stylish and completely functional, it is ideally suited to all those who work in unforgiving offshore environments as well as recreational users under sail or power.

## KEY FEATURES

- Fusion 3D design provides the ultimate in comfort
- A transparent indicator 'window' on the front of the jacket showing the status of the inflator, allowing you to check your lifejacket is in working order without having to unpack and repack the jacket
- Side waist adjusters, uniquely designed to ensure swift donning - essential if the wind gets up and it's all hands on deck
- Light weight soft loop D-ring for attaching safety line
- Unique bladder distribution, providing turning solutions in less than three seconds and allows you to move your arms freely
- A built in inflatable chin support tilts your neck back and keeps your airways clear
- AIS compatible, allows for automatic activation on inflation
