

# A fully featured floating VHF radio with a rugged compact design

Perfect for recreational boaters or as a portable backup on larger vessels. Anyone who lives, works, or plays on the water needs one.

## Product Features

### Floating

Never lose your radio. Floating design and orange core makes retrieving radio easy if dropped overboard and it's waterproof to IPX7 standards.

### 0.5, 1 or 3 Watt

Low/Med/High output power for short and long range communication.

### U.S.A., Canada & International Channels

Allows operation on any of the three different channel maps established for these areas. Includes the latest 4 digit channels.

### 10 NOAA Weather Channels

Instant access to national all-hazards and weather information, 24 hours a day.

### Weather Alert

Alerts with an audible tone and visual alarm if threatening weather is nearby.

### Instant Channel 16 and 9

Instant access to channel 16 and 9 for emergency situations.

### Scan

Scan all channels to find conversations in progress.

### Signal Strength Meter

Shows the strength of outgoing and/or incoming signals.

### Button/Key Lock

Locks function buttons/keys to eliminate accidental change of settings.

### 12V Charge Jack

Allows re-charging of batteries in unit.

### Rechargeable AAA Batteries

Rechargeable batteries are included. For convenience, conventional AAA batteries can be used.

### Illuminated LCD Display and Keys

Allows visibility of display and keys at night.

### Speaker/Microphone Jack

Allows connection of hands-free accessories. (Single pin connection).

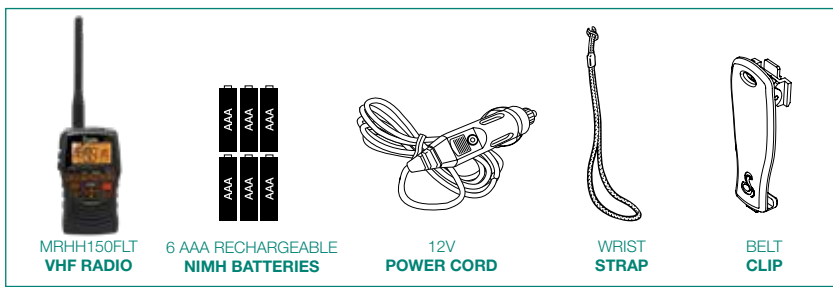

### 1 Year Warranty (on product)

For products sold in the U.S.A.
