FEATURES

Pioneer Smart Sync

Integrate Your Smartphone with Your Receiver

Pioneer Smart Sync is a highly evolved technology that links your smartphone to Pioneer car audio and entertainment systems. By utilizing more of your smartphone's features, it expands, evolves and furthers the enjoyment of every moment you spend in your car. With the Pioneer Smart Sync app, you can bring your smartphone's maps, messages, and music together in the car. To learn more about the Pioneer Smart Sync app, visit www.pioneer-carglobal.com/pss.

The MVH-S310BT features buttons such as Navi, BASS Boost and a Rotary knob that are optimized with the Pioneer Smart Sync App.

Download the Pioneer Smart Sync app on the Apple® App Store and Google Play Store.

Designed for Marine Use

Conformal coating PCB protects the MVH-S310BT against exposure to the sun and adverse weather conditions making it ideal for marine use*.

* Do not install the unit in areas exposed to direct sunlight, excessive heat or humidity. Also avoid places with too much dust or areas with high level of water splashing.

CONFORMAL COATING

APP BASS

High-Visibility Outdoor LCD Display

The white LCD with black characters ensures higher visibility outdoors. The APP icon allows you to check the Pioneer Smart Sync app connection status at a glance.

CAUTION: Read all safety instructions in the product documentation before use. Distracted driving can result in serious injury or death. Only use a function when it is safe and legal in your location, pay attention to the road and your surroundings, and obey all traffic rules.

Availability of non-Pioneer content and services, including apps and connectivity, may change without notice due to changes in operating systems, firmware or app versions; changes to, restrictions on or discontinuation of the service or service plans; non-Pioneer hardware changes; or other events.

"Made for iPhone" means that an electronic accessory has been designed to connect specifically to iPhone and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Operations and functions may vary depending on iOS device or receivers. Bluetooth functionality requires a compatible Bluetooth-enabled mobile phone. Certain Bluetooth features may not be supported by all compatible Bluetooth-enabled devices, and/or the functionality of such features may be limited in certain devices or by certain wireless carriers.

Not every USB device is compatible with a Pioneer headunit containing a USB port. For size and other limitations, please see Owner's Manual. Unauthorised copying of music or other files is strictly prohibited.

Pandora is a music service not affiliated with Pioneer. More information is available at www.pandora.com.

Requirements to access the Pandora music service using a Pioneer system: iPhone using iOS-9 or later; compatible with Android OS 4.1.1 or higher; Pandora application; current Pandora account; wireless data plan. Android devices require a Bluetooth connection that supports both SPP (Serial Port Profile) and A2DP (Advanced Audio Distribution Profile). Pandora service is currently only available in the U.S.

SiriusXM Radio is a subscription service not affiliated with Pioneer - service is available only in certain locations within the continental U.S. More information is available at www.siriusxm.com.

Spotify is a music service not affiliated with Pioneer. More information is available at www.spotify.com. Requirements to access the Spotify music service using a Pioneer system: iPhone 5c or newer with OS 8.0 or later; compatible Android smartphone; Spotify application; current Spotify account; wireless data plan; and iPhone cable may be required for iPhone depending on model. Android devices require a Bluetooth connection that supports both SPP (Serial Port Profile) and A2DP (Advanced Audio Distribution Profile). Spotify service is currently only available in the U.S., Australia, Mexico, Singapore, China, and parts of Western Europe.

Connected services require connection to a wireless network via a compatible iPhone or Android smartphone device. Ability to use such services will depend on network availability. If your data plan does not have unlimited data, charges from your carrier may apply.
