

## SQUALL® II STAR DRAG

- Graphite frame and sideplates
- High-strength marine grade bronze alloy main gear
- Stainless steel pinion gear
- Live Spindle with free floating spool Versa-Drag™ system with HT-100™ washers
- 6+1 shielded stainless steel ball bearings system
- Fast Gear Access Side Plate
- \*15CS features upgraded spool bearings and knob mag dial

Our NEW Fast Gear Access side plate makes servicing your Squall II SD easier than ever. With the removal of 4 screws, the gear side plate is easily removed giving access to the gear box for any needed maintenance without the worry of losing springs or other parts.

Model	Material #	Mono Cap (yds/lb)	Braid Cap (yds/lb)	Bearings	Max Drag	Gear Ratio	Line Retrieve (in)	Weight (oz)
SOLII12SD	1522163	295 / 12	455 / 20	7	20 lbs	6.1:1	29	15.3
