## 12/24V Waterproof Wireless Charging Pocket

SC-CW-06E

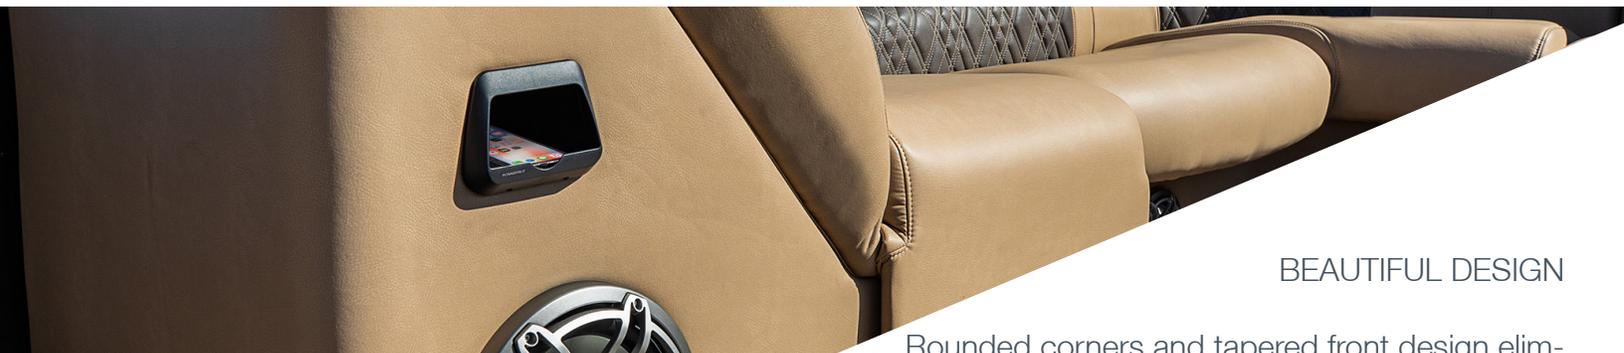

The most convenient way to store and wirelessly charge your phone onboard indoors or out!

Nest safely houses & wirelessly charges your phone at the same time. Now you can keep your phone in a safe place onboard, tucked away, charged and ready to go!

Perfect for integration into consoles, seating, cabinetry and more! Simply slide your phone into the pocket and instantly start wirelessly charging. The super grippy mat stops your phone sliding around inside. The front lip with an easy access thumb bevel acts as a safety barrier, making sure your phone stays in the Nest!

- 12/24V input compatible.
- IPX6 Waterproof.
- Easy assembly right out of the box
- Designed to fit in with any boat design ascetics
- Instant charging. No connection needed.
- Qi-certified wireless charging.
- Compatible with a wide range of device sizes from Apple, Samsung and many more.
- Charges through non-metallic waterproof cases up to 3mm thick (0.11").

### BEAUTIFUL DESIGN

Rounded corners and tapered front design eliminate all snagging risks, making it possible to install in high traffic areas of the boat where phone charging/storage until now has been impossible.

### SIMPLE INSTALL

One easy cut into your chosen mounting location, 4 screws supplied for fixing and a front fascia to leave the finish result clean and uncluttered – you're now ready to Store. Charge. Connect!
