

MIU15 V7 UNDERWATER LED

"The 2021 MIU15 V7 is an evolution of the popular 15-size underwater LED. Updates include new, higher thermal performance internals with a single, solid, high-conductivity, aluminum core. Updated shape, with the option of stud-mounting for production builds or more mechanical attachment. New high efficacy OSRAM LEDs mean more light output with less amperage. **24W** total power, single piece billet polycarbonate housing with our proprietary Composite Laminate Technology (CLT) means years of hassle-free performance. Mounts by simple adhesive lamination, which has been field tested up to 75kts on running surfaces. Mount with 3M Marine 4200 or similar. Measures **8.28 by 3.28 inches and 0.35 inches thick (210mm by 83mm by 8.9mm)**, great for vessels 20-26' in length."

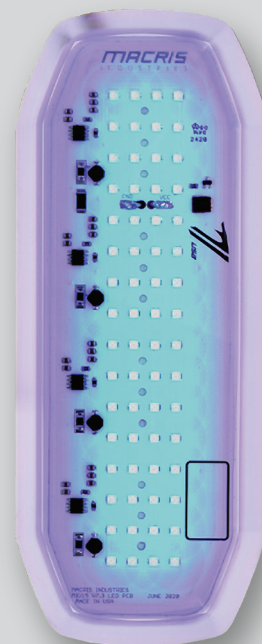

- Composite laminate construction
- 100% Air Free Design
- Impact Resistant Polycarbonate Chassis
- Ultra Efficient OSRAM LEDs
- Hardcoat scratch resistant surface treatment

Weight and Dimensions

Length	8.28 inches, 210 mm
Height	3.28 inches, 83 mm
Thickness	0.35 Inches, 8.9 mm

Technical

Input Voltage	10-30V DC
Power	24 Watts
Amp Draw (12V)	2 Amps
Amp Draw (24V)	1 Amps
Luminous Intensity (White)	4000 Lumens
LED Type	RGB Chip-on-Board

White	WHT
Ice Blue	IB
Royal Blue	RB
Green	GRN
Aqua	AQA
Wintergreen	WGN
