

Series 28

LED Navigation Lights in Attractive and Compact Design

Series 28 LED Navigation Lights – Quality That Endures

Series 28 is the latest LED generation of navigation lights in an attractive and compact design. These lights are maintenance-free with sealed for life technology. These lights are available with 316L stainless steel caps for maximum corrosion resistance in harsh environments. The series 28 is specially designed for power boats < 20 m / 65 ft.

Power Supply	12V DC (+/- 10%)
Temp Range	-25°C (-13°F) to +45°C (113°F)
Visibility	2 nm
Light Source	1 or 2 power LED module depending on variants
Electric	12V Only, Prewired, 2 wire lead
Optics	With "sealed for life" technology
Mounting	Side-mounts and Deck-mounts, pre-wired with 150 mm (6") cable 2 x 0.25 mm ² / AWG 22
Housing	Polycarbonate black housing, seawater resistant, UV-resistant, non-corrosive and non-magnetic, impact and shock resistant. Steel cap on the top
Approvals	USCG, A-16, ISO 19009
Deckmount Features	Tell-Tale indicator light
