Additional Features:

RECOMMENDED USES:

VET IN A BOX

Restrain An Animal In Pain

- Even the most loving dog can bite when scared or in pain. Triangular bandage or conforming gauze can be used as an impromptu muzzle.

Provide Informed First Aid

- Using the *Canine Field Medicine* book by Dr. Sid Gustafson, DVM.

Keep Contents Dry

- The components are housed in a waterproof DryFlex™ bag.

Stabilize Fractures & Sprains

- With gauze and a self-adhering bandage, you quickly stabilize leg or tail fractures before evacuating your pet.

Keep Paws Happy

- Splinter picker/tick remover for thorns, and gauze dressings & tape for torn up paw pads keep paws happy.

Induce Vomiting

- Hydrogen peroxide will make your dog quickly throw up anything toxic he has just eaten
