12/24V Waterproof Wireless Charging Mat SC-CW-08E

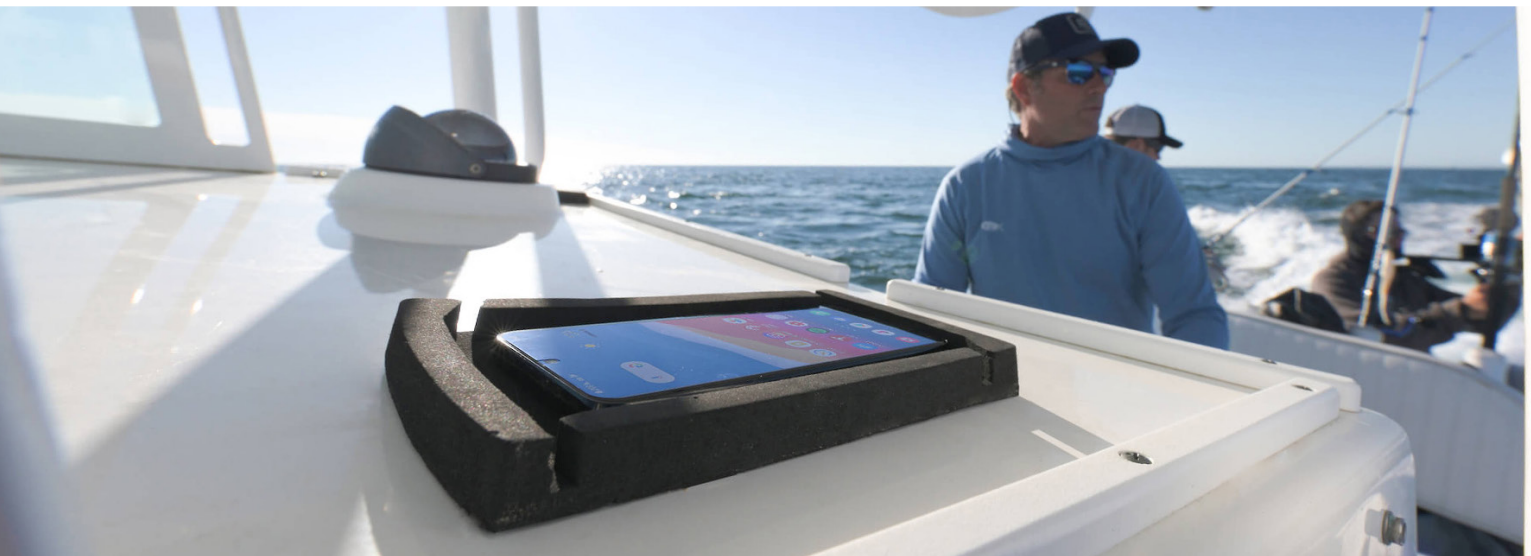

Catch safely holds & wirelessly charges your phone at the same time. Now you can keep your phone in a safe place onboard, in sight, charged and ready to go!

This is one of the most convenient ways to store and wirelessly charge your phone onboard indoors or out! Designed to install onto any flat surface, and is perfect for use on top of boat consoles.

Simply place your phone onto the center of the charging mat and instantly start wirelessly charging.

The cleverly designed edging bumpers stop your phone from sliding out, and lets the mat Catch your phone from any angle!

- 12/24V input compatible.
- IPX6 Waterproof.
- Easy assembly right out of the box
- Designed to fit in with any boat design ascetics
- Instant charging. No connection needed.
- Qi-certified wireless charging.
- Compatible with a wide range of device sizes from Apple, Samsung and many more.
- Charges through non-metallic waterproof cases up to 3mm thick (0.11").

Beautiful Design

Small and compact, our charging mat design suits any boat type, unlocking brand new charging possibilities onboard.

Simple Install

One easy cut (65mm 2.5" hole saw) into your chosen mounting location, then simply peel off the 3M self-adhesive backing paper and firmly press down.
