SCM-SLF-CC

FULL-COLOR FLUSH MOUNT SPREADER LIGHT

MODEL #S: SCM-SLF-CC-BK • SCM-SLF-CC-WH

OPERATION

- When power is applied to the light, the brightness slowly ramps up to full power over approximately 3 seconds
- Toggle power during ramp up to set brightness
- Subsequent power toggles will go from white, blue, red, green, aqua, blue-violet, magenta, yellow, purple, orange, green-yellow, back to white
- To reset the light, turn off for 10 seconds
- If Shadow-NET™ is present this will override power toggle control functions

INSTALLATION

- Cut hole according to template provided
- Connect power and ground, and optional Shadow-NET™ control wires
- Put a 1/8" size ball of silicone sealant in screw holes before mounting
- Screw in light

SPECIFICATIONS

- Power consumption: 2 amps at 12V and 1 amp at 24V
- Mounting depth: 1.5" [37mm]
- 10-30V DC input
- IP67 (waterproof)
- Durable glass window

CLEANING INSTRUCTIONS

- Clean with soap and water with a soft towel or sponge

Note: No switch required when using Shadow-NET™
