

## Helpful Hints:

- If using a shower enclosure, please set the **Hot Water on Demand™** on a table outside the enclosure before using.
- It is typical to experience a slight change in water flow & temperature when moving spray adapter from high to low heights.

# SPRAY ADAPTER

## *Instructions for Use*

Model 2300-512

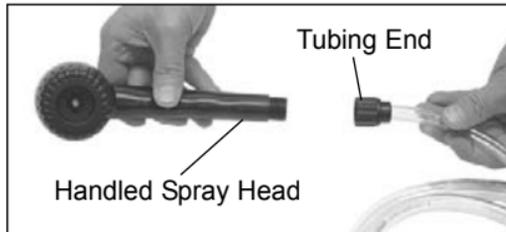

Use the Spray Adapter with **Hot Water on Demand™** for a refreshing hot shower. Easily attaches to faucet with a quick connector.

## Assembly Steps:

Make sure your **Hot Water on Demand™** unit is turned off and that no water is running through the unit. Operate the unit from a camp table or picnic table. Do not set unit on the ground to use.

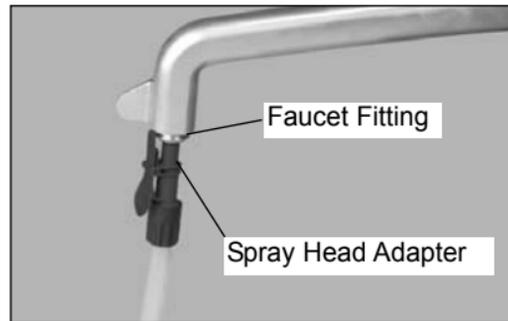

1. Attach Handled Spray Head to Tubing End. Hand tighten.

2. Rotate Faucet of the **Hot Water on Demand™** unit outward to its usage position.

3. Insert end of Spray Head Adapter into faucet.

4. Hold Spray Adapter in your hand.

5. Turn the **Hot Water on Demand™** on by turning Control Knob counterclockwise to desired temperature range.
