1. UNPACKING THE PRODUCT

- Open the package carefully and check that all components are included.
- If any component is missing or damaged, contact your dealer immediately.

2. PREPARING THE SPEAKER

- Remove any protective film from the speaker surfaces.
- Ensure the speaker is securely mounted in the mounting bracket.

3. INSTALLATION

- Follow the installation guide provided with the speaker.
- Ensure proper electrical connections are made.
- Test the speaker's operation before final installation.

4. TROUBLESHOOTING

- If the speaker does not work as expected, check for loose or misconnected wiring.
- Ensure the speaker is properly grounded.

5. MAINTENANCE

- Regularly clean the exterior surfaces of the speaker to keep it looking new.
- Do not immerse the speaker in water.
