FLUSH YOUR MOTORS WITHOUT FLUSHING YOUR TIME!

Optimize both your time and boat maintenance with Flushmaster's automated, multi-engine flushing device and easy-install Quick Connects.

Flushmaster Outboard Flushing System PIONEERING OUTBOARD CARE THROUGH INNOVATIVE DESIGN

SAVES TIME

ENJOY MORE TIME ON THE WATER

Created by boaters for boaters, the Flushmaster Outboard Flushing System cuts flushing time from 30 minutes to just 30 seconds so you can focus on what matters most—enjoying the water.

ENSURES PROPER
MAINTENANCE

ENGINEERED TO BE HASSLE-FREE

Choose from 2- or 4-port Flushmaster devices and OEM replacement Quick Connects customized for your motor brand, delivering secure, reliable flushing for single to quad engines.

CREATES
OPPORTUNITY

PROTECT ENGINES, PREVENT REPAIRS

Flushmaster simplifies care for outboard engines, ensuring peak performance and extending engine life. Keep your warranty intact and avoid costly repairs.

30 DAY
GUARANTEE

BUILT TO LAST

Durability and reliability define the System, made with waterproof, saltwater-resistant ABS, and marine-grade 316 stainless steel materials. Backed by a 1-year warranty and 30-day guarantee, it's built to last wherever you go.

PORTABLE

FLUSHING SOLUTIONS ANYWHERE

Whether on the dock, onboard, or on the go, Flushmaster adapts to your needs. Hard-plumb it, connect to a spigot, or use our portable bag for effortless engine maintenance anywhere.

The FLUSHMASTER®

Transform a 30-minute engine flush into a 30-second task with the Flushmaster. Its sleek design caters to both single and multi-engine setups, swiftly elevating marine maintenance to unmatched levels. Experience a new level of efficiency in marine maintenance, saving time, water, and effort with each flush.
