DIRT, OIL, WATER & UV**

**KEEP OUT OF REACH
OF CHILDREN
32 FL OZ (946 ml)**

DITEC[®]
MARINE PRODUCTS

READY TO USE

**About MVP:**

MVP is a superior and long lasting protectant specifically formulated to safeguard boats and boat equipment against the damaging effects of dirt, oil, water and UV exposure.

- One-step application significantly reduces surface maintenance.
- Protects surfaces and keeps them looking newer, longer.
- Leaves a non-greasy finish.
- Preserves and protects for up to 3 months.

MVP is safe to use on:
Vinyl, canvas, upholstery and water-sensitive fabrics.

Application:

MVP is ready to use. Does not enhance shine or gloss of surface. Always test product on inconspicuous area prior to full surface application.

Out of direct sunlight, spray MVP evenly and directly onto a dry and cleaned surface. Let dwell on surface for 5-10 minutes (but do not let completely dry), then very lightly and evenly wipe away excess with a clean microfiber cloth. To maintain protection, apply as needed.

First Aid

INHALATION: Rescuers should put on appropriate protective gear. Remove from area of exposure. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Keep victim warm. Get immediate medical attention. To prevent aspiration, keep head below knees.

EYE CONTACT: Immediately flush eyes with water. Flush eyes with water for a minimum of 15 minutes, occasionally lifting and lowering upper lids. Get medical attention promptly.

SKIN CONTACT: Remove contaminated clothing. Wash skin with soap and water. Get medical attention. Wash clothing separately and clean shoes before reuse.

INGESTION: If swallowed, do NOT induce vomiting. Give victim a glass of water. Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person.

**DANGER:**

Flammable liquid and vapor. May be fatal if swallowed and enters airways. Keep away from heat, hot surfaces, sparks, open flames

and other ignition sources. No smoking. Keep container tightly closed. Ground/bond container and receiving equipment. Use explosion-proof electrical, ventilating, lighting and equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Wear protective gloves and clothing and eye and face protection. If swallowed: Immediately call a poison enter or physician. If on skin (or hair): Take off all contaminated clothing immediately. Rinse skin with water. Do not induce vomiting. In case of fire: Use appropriate method to extinguish. Store in a well-ventilated place. Keep cool. Store locked up.
