

Express Shine

SiO2 Detail Spray (1677)

DESCRIPTION

MALCO® Marine Express Shine SiO2 Detail Spray is a quick and easy-to-use spray-on agent, paint protectant, and gloss amplifier. Express Shine can be applied wet or dry to all exterior surfaces leaving a water beading, ultra-slick, hydrophobic layer of protection and a shiny lasting finish for up to 60 days. This quick detailer also protects paint from sun damage with UV inhibitors. Express Shine also does a great job as a glass cleaner.

DIRECTIONS

Wash boat prior to product application. Spray Express Shine SiO2 Detail Spray onto the paint surface. Express Shine can be applied to both wet or dry surfaces. Once applied to the boat, fold a microfiber towel into quarters and work the product into the paint, flipping the towel to buff to a slick shine. Repeat the process if preferred.
