

# HydroProtek

## Ceramic Spray (1696)

### DESCRIPTION

MALCO<sup>®</sup> Marine HydroProtek is an SiO<sub>2</sub> Ceramic spray-on formula designed to shine, protect, and beautify your watercraft or recreational vehicle. HydroProtek is long lasting, absorbs UV rays, adds gloss, and easily sheets water off. HydroProtek should be used every few months. This formula is safe for all surfaces, including hull, windows, trailers, wheels, and trim. This ceramic spray will bond with gel coat and clear coat to create a durable, hydrophobic surface, prolonging the life and ease of cleaning for any watercraft.

### DIRECTIONS

Malco Marine HydroProtek requires a clean, smooth surface for proper installation. Ensure the surface is completely clean and dry. Shake the bottle well before using. Spray HydroProtek onto one section at a time. Distribute evenly using a clean ultra-soft microfiber towel, and buff to a smooth shiny surface. For ideal bonding results, keep the boat or RV dry for at least 4 hours after completion.

### FEATURES & BENEFITS

#### Durability
