Stand-Alone MFDs w/ Built-in Single Frequency
TruEcho CHIRP™ Fish Finder And Side-Scan

- Perfect for smaller vessels

TZMAP9 - 9"

TZMAP13 - 13"

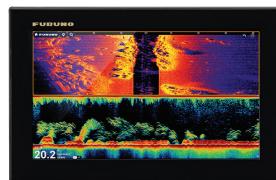

+INFO

Compact, stand-alone MFDs that utilize TZ MAPS cartography. Features a built-in single-channel CHIRP/CW Fish Finder, plus support for Radar connectivity.

NavNet TZtouchE Networkable MFDs w/ Built-In Single Frequency TruEcho CHIRP™ Fish Finder And Side-Scan

T2T9E - 9"

T2T13E - 13"

+INFO

A streamlined, networkable MFD series that delivers core TZtouchXL performance, intuitive multi touch operation, and essential navigation and Fish Finder capabilities in a compact, cost-effective package. With a compact footprint, the T2T9E and T2T13E can be installed in smaller spaces that may not accommodate TZtouchXL 10" and 13" Hybrid Touch MFDs.

NavNet TZtouchXL Flagship MFD Series

T2T10X - 10" / T2T13X - 13" / T2T16X - 16" / T2T22X - 22" / T2T24X - 24" / TZBBX - BLACK BOX

A powerful, networkable MFD series combining multi touch and hybrid touch options on large-format displays. Features advanced navigation, Radar, Fish Finder, and Sonar integration with support for a vast array of additional functionality.
