

# MA4600 Round Speaker Installation Guide

**poly-planar**<sup>®</sup>  
WATERPROOF MARINE AUDIO SYSTEMS

Cutout and use as template for drilling

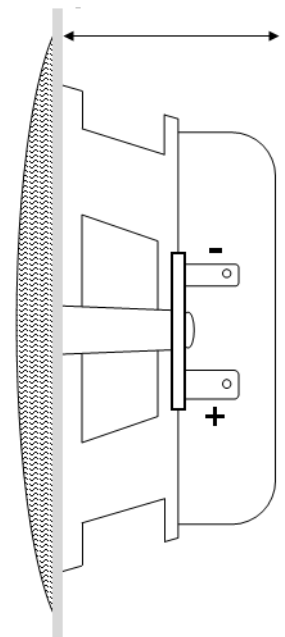

**Installation:** Find a suitable location making sure there is clearance for the installed depth. Use a hole saw or other suitable device to make a cutout.

Place the speaker in the cutout and mark and drill holes for the mounting screws (supplied). If the panel is too thin or soft for screws use a stainless screw clips.

Attach speaker wires supplied, solid color wire to positive (red or white mark or with + sign or larger tab as shown on the diagram).
