

P7101 VHF/AM/FM BAND SPLITTER

**PACIFIC
AERIALS**

- Plugs into the VHF antenna cable to provide AM/FM reception as well as VHF transmission and reception
- The perfect product for customers who want improved AM/FM radio reception, but are unable to install another antenna
- The performance of the VHF antenna is unaffected by the installation of the splitter
- Comes complete with AM/FM radio and VHF radio connectors.
- The cable for the VHF radio has a P1212 FastFit connector, which eliminates any difficulty in fitting the PL 259 plug for the radio.
- The connector for the AM/FM radio is fitted to the cable. Its small diameter makes installation easy.
