

GRAND SLAM 380 OUTRIGGER TOP MOUNT (GS-380)

The GS-380 is the 3rd generation of the popular 300 series of Grand Slam brand outrigger top mounts that adjust all outrigger movements safely from under the top. Its rugged design will provide years of reliable service even in the most challenging saltwater applications. The GS-380 is the ultimate solution for larger fishing boats, with either hardtop or soft top installations. Enhanced design of the rotator lever provides a sleeker more ergonomic shape, using polished Stainless Steel and UV-resistant non-slip Santoprene™. In addition, the new GS-380 incorporates a compact easy to use elevation crank handle that folds up for convenient out-of-the way storage.
