- Emergency SOS Signaling Mode
- Includes User Friendly Color Coded Operation Manual and Free Access to a 24 Hour Online Technical Support Center
- Industry Leading 2 Year Warranty

Includes Four Colored Lenses

WHITE: The best all around light color. It's high intensity makes it great for general use or as a fish attractor.

GREEN: For attracting fish in fresh, brackish or murky water.

BLUE: For attracting fish in deep blue ocean water or in slightly murky water.

RED: Use to help preserve night vision when map reading or for general lighting at night.

Dims.....7" x 2" (177 x 50 mm)
Batteries.....4 x "AA" (*not included*)
Display Type.....Polarized LCD
Backlight.....Green SoftGlow
Units of Measure.....ft/m, °f/°c

Range..2.5' to 200' (.8 to 61 m)
Transducer.....Integrated
Frequency.....200 KHZ
Beam Angle.....25 Degrees
Waterproofing.....3 ft (1 m)
