"Several new stainless-steel cleaners on the market promise to keep kitchens looking showroom new. We tested the latest products. Here are our recommendations: **(#1) Flitz Stainless Steel & Chrome Clean** The product got rid of several tough stains, and did well at preventing fingerprints. The cleaner also works to shine jewelry."

# BEST STAINLESS STEEL CLEANER

**Instantly & Easily Removes:** Fingerprints, oil, grease, water spots, brake dust, soil wax, soap, automotive fluids & more.

**Safe on:** Brushed or polished stainless steel, chrome, painted surfaces, plastics, mirrors, chandeliers, acrylics, cracks/crevices in jewelry and watch links & more.

**Appliances:** Spray on and wipe with soft cloth along the grain.

**Brake Dust:** Spray on and let sit to allow degreasers to penetrate greasy residue/brake dust. Wipe away with soft cloth or buffer.

**Jewelry/Watches:** Gold, silver, stainless & yes, diamond necklaces, bracelets & watches & rings; lay a soft cloth onto flat surface. Spray the Stainless Steel & Chrome Cleaner directly onto your piece of jewelry making sure to get into the links & crevices. Let sit for a few minutes to allow the powerful degreasers to break up the body soil, soap & residue. With soft cloth, gently blot and wipe residue away. You'll definitely see the residue left on the cloth and your jewelry will sparkle!

**Results Guaranteed**

**Shelf Life: 4 years**
