

# RGB LIGHTING CONTROL MODULE WITH WIRELESS REMOTE CONTROL

# FUSION®

CODE:

MS-RGBRC

## KEY FEATURES

### WIRELESS REMOTE CONTROL

Enjoy full control of the illumination options and functions of Fusion RGB speakers with the MS-RGBRC wireless remote control.

The remote is portable and will function up to 10m from the speaker lighting control module.

### CONTROL OF THE LED ILLUMINATION ON FUSION RGB SPEAKERS

Enhance your on-board audio entertainment experience with the MS-RGBRC remote control for Fusion RGB speakers.

Simply select your desired color, brightness, speed and mode to set the tone or match the LEDs to your music, taking your entertainment experience to the next level. You can control up to three lighting zones all from the one remote.

*Note: For control of additional lighting zones, additional speaker lighting control modules must be purchased.*

### STATIC AND DYNAMIC COLOR OPTIONS

A range of colors are available in both static and dynamic modes with the RGB speakers to complement your music and enhance your on-board audio entertainment experience.

Select your desired color using the color select wheel, or change to a mode that automatically cycles through pre-defined lighting patterns. Brightness and pattern cycle speed can be independently adjusted to suit your preferences.

### INTUITIVE TOUCH REMOTE CONTROL

The MS-RGBRC wireless remote features easy to use touch controls, including an intuitive color select wheel to easily change the lighting on Fusion RGB speakers.
